

Chord Hugo Wzmacniacz Słuchawkowy DAC Salon Poznań

Cena: 8 490 zł

Important Properties

Product Description

Specyfikacja:

Gwarancja: Polskiego Dystrybutora 2 lata

Dostępne kolory: Czarny

Najbardziej zaawansowany mobilny DAC/wzmacniacz na świecie.

Dane techniczne:

Inputs:

Optical TosLink 24-bit/192kHz-capable

RCA coaxial input 24-bit/384kHz-capable

Driverless USB input 16-bit/48kHz-capable (designed for tablets/phones)

HD USB input 32-bit/384kHz and DSD128-capable (for computer/laptop playback; see driver details below)

Technical specs:

Advanced digital volume control

Crossfeed filter network

Battery powered for approximately 12 hours operation

Input, sample rate and volume level indication by colour-change LEDs

26K tap-length filter (more than double when compared to the QuteHD DAC)

Headphone output: 1

10dB SPL into a 300ohm headphone load

Output power - 1kHz 1V sinewave both channels driven 0.1% distortion

600 ohms 35mW

300 ohms 70mW

56 ohms 320mW

32 ohms 600mW

8 ohms 720mW

THD - 1kHz 3V output: 0.0005%

Dynamic Range: 120dB

Output impedance: 0.075 ohms

Damping factor >100

Weight: 0.4kg

Dimensions: 100x20x132mm (WxHxD)

Outputs: 2x3.5mm headphone jacks

1x6.35mm (1/4 inch) headphone jack

1x (pair) stereo RCA phono output
