Product Description

HDMI HS + Ethernet (12.5m)

Dane techniczne:

The High Speed HDMI cable from the in-akustik Reference-series with its additional features, such as extra large conductor diameter or silverplated and solid data lines, ensure optimum picture quality even for cable lengths of 20 metres.

A connection which is able to transmit even the highest data rates accurately and securely.

It is licensed by the official HDMI organisation and displays the genuine HDMI logo.

It is suitable for connecting digital AV components, such as DVD and Blu-ray players or game consoles with a plasma, LCD, LED-TV, projector or AV receiver.

3-fold shielding

Conductors made of high-purity OFC copper

Solid conductors

24c gold-plated contacts

Silver-plated conductors
